

DELIGHTFUL TIME

At U. D. C., Picnic at Lakeside Park Saturday.—Beautiful Banner Presented F. B. Harris Camp of S. C. V.

CROSSES OF HONOR CONFERRED.

The picnic given at Lakeside park Saturday by A. E. Rees camp of U. D. C., of Earlington and Madisonville to the F. B. Harris camp of S. C. V., of this place, was one of the most pleasant events of the season. Quite two hundred guests were entertained in a lavish manner by the "Daughters" and it is hard to conceive of a more elaborate spread than was placed before them. The St. Bernard Mining Company not only placed their beautiful park at the disposal of the A. E. Rees camp but had the grounds cleaned, the tables and dancing pavilion repaired and furnished a supply of boats for the pleasure of the guests who enjoyed being on the water. After the delicate appetites of the fair ladies present had been satisfied, after the veterans and sons of veterans had said "enough," and the newspaper men had consumed enormous quantities of good things while the Earlington band discoursed sweet strains of music, the crowd adjourned to the speakers' stand, where the ceremony of presenting the banner and crosses took place.

The banner was presented to the F. B. Harris camp S. C. V., by Major Harris, its founder, and was made by the Misses Whalen, of this city. It was a very beautiful piece of work made of red and white silk, fringed with gold cord and bore the picture of Major Harris in one corner. Mr. Everett Jennings introduced by J. R. Rash made the presentation speech in his characteristic flowery and eloquent manner and was continuously applauded throughout his talk. W. C. McLeod, Captain of the S. C. V., replied in behalf of the camp and thanked Maj. Harris for the banner in a appropriate speech. Crosses of honor were then conferred on Patrick Whalen, Sr., Henry McDowell, Sr., J. S. Offutt, L. L. Southern and Edward Veazy by Mrs. J. D. Sory, president of the A. E. Rees chapter U. D. C. There were to have been thirteen crosses conferred but the five mentioned were all that were present.

Hon. Ruby Laffoon made the acceptance speech in a creditable manner and his speech was listened to with great attention. This speaker paid a beautiful and well deserved tribute to the fair women of the South and said without their aid the war would have closed in '62. He also said the crosses of bronze worn by the old soldiers were worthily worn, they had won them at the cannon's mouth, in the thick of battle and on cold dark nights while on picket duty. He spoke enthusiastically of the work done by the U. D. C., how they had dotted the southland with monuments to the Confederate dead and it was chiefly due to their untiring efforts and devotion that it could not be said of the ex-confederate soldier that they slept unmarked, unhonored and unsung. Mr. Laffoon's speech was generously applauded by his hearers.

The Earlington band met the train bearing Madisonville people and welcomed them with appropriate music. Miss Ethel Porter, the talented musician of Madisonville, played a number of selections on the piano in the dancing pavilion and added greatly to the enjoyment of the occasion. The F. B. Harris camp U. D. C., desire to thank the A. E. Rees camp for the enjoyable outing given them.

SAD DEATH.

Floyd Deberry Comes to an Untimely End in the Coal Mines at Nortonville Friday.

Floyd Deberry, aged 15 years, formerly of this city, but who was in the employ of the Nortonville Coal Company as a driver at their mine at Nortonville was instantly killed by falling job while at work about 9 o'clock last Friday morning. Some men were engaged in sinking a pump for a punt and Deberry went into a room to pull a loaded car near the place where they were working. After going into the room the mule's gear became loose and he stooped over to fasten it. Just as he bent over a blast was fired by the men at work sinking the pump and the force of the explosion jarred a piece of gob loose which as it descended fell on his neck breaking it and resulted in instant death. Several cuts were made on his face where he had fallen on some loose coal from the force of the blow. Two colored men, employed as loaders were near but could be of no assistance except to remove the gob as he was dead when they reached him. He was living with his brother, Henry, when the accident occurred.

Funeral services were held at the residence of his sister, Mrs. Arch Longstaff, at 1:30 o'clock Saturday afternoon by Rev. W. H. Dame, after which interment took place in the cemetery at this place in the presence of a large concourse of relatives and friends.

He leaves several brothers and sisters, among whom are Mesdames Arch Longstaff and Wm. Larnouth, of this city, besides other relatives here, at McMinnville and other points in Tennessee, where he formerly resided before coming to this city about a year ago, and a large number of friends to mourn the untimely death of this young man. The sorrowing ones have the sympathy of the community in their sad bereavement.

Curfew Law to be Enforced.

Beginning with Monday the Curfew Law passed by the City Council some time ago will be enforced. The law reads as follows:

"1st. It shall be unlawful for all children of 15 years of age and under to be found on the streets of the city after 8 o'clock unless with a proper escort 21 years of age or over, or with the written consent of their parents, or on an errand of vital importance.

"2nd. Any one so offending shall be taken in charge by the proper officers and taken to his or her parents, who shall be notified that if the child is again found on the streets after the hour named he or she shall be arrested and tried before the City Judge and fined not less than one or more than five dollars, without cost for the first offense and with cost attached for subsequent offenses."

It has been arranged by City Marshal Barnett with M. B. Long that the signal for Curfew will be two long blasts of his engine whistle which will be sounded promptly each night at 8 o'clock.

Warehouse Burns at Paducah.

Paducah, Ky., June 8.—The big warehouse of the Harth Brothers Grain Company burned early today. The loss is \$14,000 with insurance of \$10,500. Twelve thousand bushels of corn, ten carloads of hay and 40,000 empty sacks were destroyed.

PRIZE WINNERS IN PUBLIC SCHOOLS.

List of "Honor Pupils" Whose General Averages for the Whole Term Were Reported by Their Teachers

AND WHO ARE ENTITLED TO THE PRIZES OFFERED AT THE BEGINNING OF SCHOOL BY PUBLISHER OF THE BEE.

The offer of a prize book to the pupil in each public school of Hopkins county making the highest general average in their studies during the whole term, which was made before the beginning of the school term by the publisher of The Bee, resulted in an effective stimulus to better work on the part of pupils in the schools in which the teacher gave the pupils the opportunity to strive for these prizes. This is shown by the reports of the teachers who sent in regular monthly grades of their best pupils, by the final reports for the whole term and by the numerous commendatory letters received from teachers during the school term. It is a source of regret that some teachers did not take sufficient interest in the opportunity offered the children to put The Bee's offer before them and send in the brief monthly reports necessary for publication and as a basis for the awards. Others sent in one or two reports at first, but did not follow them up, so that The Bee is without the necessary data in those cases. In this manner the number of prizes that it is possible to award under the terms of the original offer is considerably reduced, very much to the regret of the publisher.

It is with great pleasure we are enabled to announce the awarding of prizes of a choice book to each of the following pupils in the county's public schools, all of whom have worked earnestly, according to the reports of their teachers, to put their names at the top of the list of "Honor Pupils" of the county schools.

PRIZE WINNERS IN THE EARLINGTON PUBLIC SCHOOL. These Are the "Honor Pupils" for the Entire Term of Nine Months. The Percentages Given Being Their General Averages for Whole Term.

| Age. | Gen. Av. | Teacher. | School. | Dist. |
|------|----------|---------------------|----------------|-------|
| 18 | 92 | Kate Greer | Wilson | 18 |
| 16 | 90 | Phoebe L. Potts | Stanley | 72 |

| 10 | 96 | Frances Young Kline | Hecla | |

IN SOME INSTANCES THE GENERAL AVERAGE GIVEN BY HONOR PUPIL WAS OBTAINED FROM FINAL REPORT BY TEACHER. THE TABLE ABOVE ALL AVAILABLE INFORMATION.

EARLINGTON HONOR ROLL.

Many Pupils in the Earlington Public School Made General Average for Whole Term of 90 Per Cent and Over.

The work of the pupils in the Earlington Public School has been satisfactory for the term to the trustees, the teachers, and generally to the patrons who have informed themselves as to the work done and the progress shown by the pupils. The interested spirit on part of the pupils on the closing day of school was encouraging in the highest degree to even the casual observer. The greatest interest was shown and the ambition to excel in their studies and to get a high mark on final examination and for the entire term was evident in each of the grades. Faces were bright with expectancy and those with highest standing were the quick recipients of congratulation on the part of other pupils. Expressions of the teachers in their final talks to the pupils were full of appreciation of good work done and of hope for even better results during the next school year. An interesting incident of the closing days of school was an uninvited petition which was prepared by one of the boys in the seventh grade and signed by every pupil in the seventh, eighth and ninth

grades, testifying to their regard for the principal, Mr. Andrew P. Dustin, and asking him to return to Earlington next year. It was a testimonial highly prized by Mr. Dustin and a genuine tribute of love and esteem.

Following is the Honor Roll showing all the pupils in the Earlington Public School who made a general average of 90 and above for the whole school term:

| Ninth Grade. | Eighth Grade. | Seventh Grade. | Sixth Grade. |
|-------------------------|---------------------|---------------------------|------------------------|

| | | | Gertie O'Bannon.....91 |
| | | | Arthur Vinson.....90 |
| | | | George Arnold.....90 |

FEDERAL OFFICES

Civil Service Commissioner Greene Will Investigate Further in Kentucky.

COMING LATER PART THIS MONTH. Dispatches from Washington say that United States Civil Service Commissioner Henry P. Greene will make another trip to Kentucky the latter part of this month to examine into the offices of Federal employees. The story continues:

Commissioner Greene has heretofore made two trips to Kentucky, going to Louisville and Owensboro, in which cities his reports led to the resignation of the Federal employees on Republican campaign committees. It is alleged by those who have been able to secure the forthcoming investigation that several of the office-holders in the State have used the power of their offices to control nominations in the Republican party, and even congressional nominations depend upon the wishes of the Federal office-holders. It is very unusual for a member of the Civil Service Commission to make these investigations, and many think they see in the proposed move an influence which may be potent in securing the defeat of several of the present office-holders for reappointment.

| Fifth Grade. | Fourth Grade. | Third Grade. | Second Grade. | First Grade. |

The tobacco growers of Hopkins county will hold another meeting at Madisonville Saturday. Private John Allen, of Tennessee, who has been one of the chief workers in effecting the successful organization of the Dark Tobacco Growers' Association, will speak to the farmers at that meeting. The following is the call for the meeting:

"The farmers of Hopkins county are requested to meet in mass convention in Madisonville, the second Saturday in this month, for the purpose of electing a permanent chairman for the Dark Tobacco Growers' Association of Kentucky and Tennessee.

N. B. (NEED) SLATON, Temporary Chairman.

Sits on the Judge. A funny scene was witnessed in the city court Tuesday. Mollie Branne of color, had Lucy Phillips, also colored, arrested for using vile and abusive language. They were brought before Judge Cowell by City Marshal Barnett and the judge assessed a fine against Lucy. This so enraged her that she flew at Mollie and bit her between the eyes at the same time fastening the other hand around her neck. Mr. Barnett managed to separate the combatants and while holding them at arm's length asked Judge Cowell to assist him. The judge caught the smallest woman and pulled her away with great difficulty. In some manner the other woman managed to escape from Mr. Barnett (he probably turned her loose) and made a furious attack on the woman the judge was holding. In the melee all three went down, Judge on the bottom. This is the first instance in the history of Earlington where the criminal sat on the judge.

The Kentucky Press Association will hold its State meeting at Ceraean Springs this summer. No details of the plan or program have yet been announced.

MEACHAM AND MOSELEY WITHDRAW. Frank Rives Nominated for State Senator by Democrats.

Chas. M. Meacham and Joseph E. Moseley, candidates for the Democratic nomination for State Senator from this district, have by mutual agreement, withdrawn from the race and the \$900 each put up by them for expense money has been returned.

Frank Rives, of Hopkinsville, was nominated by the Senatorial District Committee, and Mr. Rives is the man whom Wm. Lynch, of Hopkins, will defeat at the next November election.

UP-TO-DATE CLOTHING FOR MEN!!

Copyright 1905 by
The House of Kuppenheimer

We sell the "Kuppenheimer" clothes for men. This is a line which is justly famous for fine workmanship, style, fit and finish. A great many ready made suits look bad, but "Kuppenheimer" clothes are of fashionable appearance. The long coat and loose trouser is to be found in the "Kuppenheimer" line

BAILEY & CO.

THE BIG BUSY STORE

Madisonville Ky.

NORTH AMERICAN COMPANY

Purchases the Holdings of United States Corporation in Western Kentucky Field.

Paducah, Ky., June 5.—The United States Gas, Coal and Coke Company, of this city, has been sold to the North American Company, of New York, of which J. Pierpont Morgan is the head. Thomas A. Nevins has sold all of his interests, including the local plant, the branch of the United States Gas, Coal and Coke Company at Memphis, the mines of the company and the 20,000 acres of coal land at Sturgis, Ky., to the North American Company. The consideration is not known here, but is said to be several million dollars. This is the largest coal deal ever consummated in the Western Kentucky field.

Died in Ohio.

Mrs. V. McKown died after a long illness at her home at Morrow, Ohio, on June 3rd. She leaves a husband, Mr. H. W. McKown, a father, Mr. E. E. Cook, of Madisonville, a sister, Mrs. Eliza Vincent, of this place, and a brother, Mr. Joe Cook, to mourn her loss. She was 18 years of age and had been married only two years.

A THOUGHT FOR THE WEEK.

An elephant is afraid of a mouse. If he only knew his strength! The non-advertiser is like the elephant—he has great power, if he would only use it—by advertising.

Doubt or hesitation kills the salesman's powers of persuasiveness. A life's habit of respecting the authority of print offers the logical argument in favor of an advertisement for this purpose alone if for no other.

Many merchants hesitate about placing themselves in the lime light of publicity for fear of the critics. They are like the boy who refuses to wear a new suit of clothes all together the first day for fear his "pals" will call him "dandy."

Every business man incurs certain risks; he is in danger only so far as he may not find means to avert it. He is in peril, however, if he is in imminent danger of being overwhelmed by a more progressive and up to date competitor—who advertises.

Like a Comet

This famous remedy does for the stomach what which it is unable to do for itself, even if but slightly disordered or overburdened.

Kodol

supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles and membranes of that organ are allowed to rest and heal. It cures indigestion, flatulence, palpitation of the heart, nervous dyspepsia and all stomach troubles by cleansing, purifying and strengthening the glands, membranes of the stomach and digestive organs.

Kodol Dyspepsia Cure

Your Dealer Can Supply You. Bottles only, \$1.00. Six holding 24 times the trial size, which sells for 60c. Prepared by E. G. DeWitt & Co., Chicago.

Sold by St. Bernard Drug Store, Earlinton; R. T. Robinson, Morton Gap; Jno. X. Taylor, Earlinton.

CANNOT MAKE REPAIRS AT MANILA

Government Decides That Crippled Russian Cruisers Must Leave Manila or Intern.

INJURIES RECEIVED IN BATTLE; NOT BY SEA OR STORM

Japan Satisfied By Course Taken By United States—Little Hope in Europe That Russia Will See for Peace—Russia Will Not Send Fourth Squadron Eastward.

Washington, June 6.—Admiral Enquet will not be allowed to repair his ships at Manila. This government has decided that the injuries to the ships were not caused by the sea or storm, the authorities will be obliged to refuse permission for the vessels to be repaired there. Secretary Taft cabled the following instructions to Gov. Wright at Manila regarding the ships:

"Time can not be given for the repair of the injuries received in battle. Therefore the vessels can not be repaired unless interned until the end of hostilities."

Admiral Train has been instructed accordingly. It was stated by Secretary Taft that if the Russian vessels agreed to leave Manila in their present condition they were welcome to do so, but as it did not appear that they suffered from any damage caused by the sea or storm, this government was obliged to take the position above outlined.

In case Admiral Enquet does not adopt this course, his only alternative, after the period allowed by international law has expired, will be to intern his ships. Orders have been issued for Admiral Train to take charge of the details of internment if the Russian admiral decides to follow this policy.

The navy department received a cablegram from Rear-Admiral Train confirming in detail the press dispatch regarding the length of time required by three Russian ships at Manila to receive such repairs as will put them in a seaworthy condition.

WILL SUTINSKY JAPAN.

The course of the United States is so far satisfactory.

Washington, June 6.—The Japanese minister has formally inquired of the department of state what action the United States government intends to take respecting the Russian war vessels now in Manila bay. Acting Secretary Loomis responded that the vessels would be interned, provided they did not leave the harbor at once. This exchange has taken place, in order to formally establish the responsibility of the United States for the detention of the vessels in Manila harbor until the end of the hostilities.

"Japan will, I believe, be entirely satisfied with this government's intentions that the Russian ships at Manila must intern or put to sea," said Mr. Takahira, the Japanese minister.

A CRISIS IN RUSSIA.

Three prominent advisers of the Czar Reported to Have Resigned.

St. Petersburg, June 6.—Count Lamorod, foreign minister; M. Baulevsky, minister of interior; Admiral Alexeff, viceroy of far east, are reported to have surrendered office as protest against placing almost unlimited power in Trepoff's hands.

Civil war is threatened.

The czar has prohibited the assembling of the zemstvo.

WILL CONTINUE THE WAR.

Little Hope in Europe That Russia Will See for Peace.

London, June 6.—Accounts of President Roosevelt's interview with Mr. Takahira, the Japanese minister at Washington, Count Cassini, Baron Speck von Sternburg and other ambassadors, which are alleged to have been along the line of efforts to bring mediation, are receiving much attention here, but in diplomatic circles it is not believed that they will result in securing peace. The belief is firm in all quarters that Russia will continue the war.

Deserting the Making Ship.

St. Petersburg, June 6.—Minister of the Interior Bonch-Bruyevich and Admiral Alexeff, head of the committee of the far east, has tendered their resignations, which the emperor has not accepted. Foreign Minister Lamorod may also resign, as a protest against the reactionary policy of the czar as shown by the extension of the powers of Gen. Trepoff.

Three Cruisers May Be Intered.

Tokio, June 6.—The Russian cruisers Admiral Naumoff, Vladimir Monomakh and Dmitri Donokol having sunk in comparatively shallow water, it is possible to raise them.

CONTRACTS CANCELLED.

Russia Will Not Send a Fourth Squadron to the Eastward.

Hamburg, June 6.—News reached here from Libau that German seamen who were employed there for service with the fourth Russian squadron, which it was intended to send to the far east, have received orders to return home, as their contract has been cancelled by recent events. This is considered proof that Russia has definitely abandoned further efforts to wrest the sea power from Japan.

WE PROVE THAT SPECIFIC BLOOD POISONING IS CURED TO STAY CURED BY

FOERG'S REMEDY

Imagine the extreme gratitude of a man to induce him to permit the publication of such a testimonial as the following:

I, Henry Milan, of Evansville, Ind., formerly of Edgelyville, Ky., state that I was cured of a very bad case of Blood Poisons of three months standing by the use of Foerg's Remedy in the year 1890 or 1891, only having taken 4 bottles. I further state that I am now well and have never been troubled with return of that disease. This Remedy cured me sound and well, and I recommend it to anyone suffering with that. (Signed) HENRY MILAN

Attest: SANFORD MCCOWAN and J. D. LESTER

With the above information before you if you go on suffering from the curse of tainted blood, either primary, constitutional or as a result of mercurial treatment, don't rail at fate, but simply blame yourself, for here is a cure—absolute and sure. Tainted blood manifests itself in the form of Scrofula, Eczema, Rheumatic Pains, Sulfur Swollen Joints, Eruptive-colored Spots on the Face or Body, Little Ulcers in the mouth or on the Tongue, Sore Throat, Swollen Testicles, Falling out of the Hair or Eyebrows, and finally a Leprous-Like Decay of the Flesh and Bones. If you have any one of these symptoms don't delay till too late, but go to your druggist and get a bottle of

FOERG'S REMEDY THE GREAT BLOOD PURIFIER

ALL DRUGGISTS GUARANTEE IT. Don't delay, but go to your druggist and get a bottle. If your druggist does not handle this remedy send us \$1.00 for one bottle or \$5.00 for six bottles, with our absolute guarantee or money refunded by druggist or this company in full. All packages sent in plain wrappers. All correspondence strictly confidential.

BUCKNER HILL ITEMS.

The farmers are busy now.

Will Standley and wife are visiting J. T. McGregor, of Sturgis.

Miss Cullie White spent Sunday night with Mrs. J. T. Scott.

We are glad to know that Mrs. Viola Wright is home again.

Mrs. Lydia McGregor, who has been down with the fever, is up again.

Mrs. John Hale visited Mrs. Will Raybone Sunday.

Mrs. W. R. Brown and little Tilly Wright spent Monday with Mrs. J. T. McGregor.

Mrs. John Griffin and children spent one day last week with Mrs. J. T. McGregor.

Mr. John W. King, of Slaughter, is visiting Mrs. Coma King.

Misses Benna and Mary Hale spent Tuesday evening with Miss Lydia McGregor.

Mrs. Doon is on the sick list this week.

Mr. J. T. McGregor, daughter and son attended the low cream supper at Mr. Riley Brown Tuesday night and all had a nice time.

Misses Cullie White and Lydia McGregor were in town Monday.

SCHOOL PARTY.

Mr. Andrew P. Dustin, Principal of Earlinton Public School, Entertains.

Friday night last Mr. Andrew P. Dustin, principal of the Earlinton Public School, entertained the pupils from his room and a few of their invited friends at the Armory. The young folks had an evening full of delightful social pleasure, mixing games and interesting contests freely. A blindfold drawing contest was a feature in which much latent talent was shown.

Mr. Dustin was assisted by Misses Carlin, Mothershead and Dunn and by the chaperones, Mr. and Mrs. Paul M. Moore. Light refreshments were served.

BIRMINGHAM RAILROAD MAN

WEDS YOUNG LADY OF HOWELL

Groom Began Career on the Henderson Division.—Bride the Daughter of Foreman of Smithing Department at Howell Shops.

(Special to The Bee.)

Howell, Ind., June 7.—At the St. Agnes church early this morning occurred the marriage of Miss Katherine McCue, of this city, to Mr. Andrew F. Smith, of Birmingham, Ala., the ceremony being performed by Father Fitzpatrick. Some hundred or more people, friends and relatives of the bride and groom, were present, among them being several prominent railroad officials from various parts of the country.

Mr. Smith, familiarly known as "Andy," began his career as a railroad man on this division in August, 1898, his first service being a machinist helper in the shops at Howell. In September, 1899, he was promoted to freeman, in which capacity he distinguished himself as a success from the very beginning. His excellent service was recognized by a promotion to traveling freeman and in 1904 to engineer. As the company needed men in the South he was transferred to the South & North Division. Mr. Smith is what may be termed an energetic young man, for whom the future holds much in store.

The bride is the beautiful and accomplished daughter of Mr. Patrick McCue, of Howell, the well known foreman of the Smithing Department of the L. & N. shops.

The reception at the bride's home lasted from 9 to 12 o'clock. At 12:30 Mr. and Mrs. Smith left on No. 52 for Evansville, Wm., where they will spend a ten days' honeymoon, after which they will go to Birmingham, Ala., their future home.

Foley-McKeken.

Miss Lena Foley, of Madisonville, and Mr. Ollie McKeken, of Toledo, Ohio, were married at the residence of her sister, Mrs. E. S. Papin, of 1133 Finney Ave., St. Louis, last Wednesday. Miss Foley was engaged to be married to Mr. James Dimmitt, the son of a banker of Shelbyville, Mo., but when her first love, Mr. McKeken, appeared on the scene she quickly changed her mind and told him the old love was still living, and they were married. Miss Foley telegraphed Mr. Dimmitt the state of affairs and expressed her regrets. Miss Foley is one of Madisonville's most charming daughters and has a host of friends there.

ANNOUNCEMENTS

FOR COUNTY COURT CLERK.
We are authorized to announce J. W. Housen as a candidate for County Court Clerk of Hopkins county, subject to the action of the Republican party.

FOR SHERIFF.
We are authorized to announce John E. Dyer as a candidate for Sheriff of Hopkins County, Ky., subject to the action of the Republican convention June 10th, 1905.

FOR REPRESENTATIVE.
We are authorized to announce J. O. Faley as a candidate for Representative of Hopkins county, subject to the action of the Republican convention May 12, 1905.

OUR SCHOOL PRIZE CONTEST.

On July 18 last the Hopkins County Teachers' Institute met at Madisonville for the regular annual session. Prof. Chas. Evans, of Marion, acted as instructor and led the institute. It was a most interesting and profitable meeting, one in which many of the county's best teachers took active part. During that institute the BEE made the initial announcement of its prize offer of a choice book to be given "the pupil in each school in Hopkins county who makes the best general average, based on teachers' reports," during the next school term. This prize offer was emphasized vigorously by Prof. Evans, the institute leader, and the teachers were urged to take it up and present it to their schools and use it for the good of their pupils.

At that time, too, a special "Educational Department" was inaugurated in THE BEE and a half-page of space for one year was dedicated to this new aid to education. The teacher's were asked to send to this department "short, pithy contributions upon topics of interest to the teachers and appreciable to the pupils of public schools." Later, special report cards were sent to the teachers, upon which to send necessary information as to monthly grades of the "honored pupils," which was published as received.

A number of the teachers of the county sent regular reports and gave us a final summary after the close of their school term. Some others began encouragingly but dropped out presently and gave us no opportunity to award the prizes that we were desirous should go to their schools. Yet others did not reply at all to THE BEE's communications.

It was a considerable undertaking to try to get these necessary reports from all the common schools of the county. We have succeeded only in part and achieved this partial success with considerable labor and expenditure of time and valuable newspaper space, through correspondence and the work necessary to keep up the Educational Department during the year.

But we feel fully repaid for the labor and expense involved. There is pleasure and inspiration in the thought that we are enabled to award deserved prizes to even a fair proportion of the brightest and most earnest students in the public schools of Hopkins county. This pleasure is heightened by the knowledge that these pupils knew of and appreciated the interest taken by THE BEE in their work and their advancement, and that these pupils, many of them, have worked hard during the school term to win the honor of standing at the head of their class, and so win the prize offered by THE

BEE.

Another reward that is ours exclusively and is sufficient to repay us for every effort and expense in this connection, is unfolded in the numerous kindly letters of endorsement received during the school term from teachers who were making use of THE BEE's offer in their school work.

One teacher wrote at the close of his school: "I wish to thank you very much for the interest you have taken for me, as I am confident that the work has been more efficient than it would have been otherwise." Another teacher wrote: "Great interest was taken by the school in your efforts to raise the educational spirit of the county and certainly should receive the hearty approval of every teacher who feels an interest in the future welfare of the boys and girls of the county. The little girl who made best grade was 15 years old and worked incessantly throughout the school and only won by a small margin." Another teacher wrote: "I appreciate very much the interest you have taken in the schools in the county and am sure they have been benefited." Another: "I think your offer has done a great deal of good in my school." Another wrote: "I beg leave to thank you as one of the teachers of Hopkins county for the interest you are manifesting in us as teachers and also for the greater and higher interest you are manifesting in the children of your county, who are soon to be the managers and directors of its affairs."

These are but a few of the many like expressions received during the year. Had these letters stopped at the simple declaration, "I think your offer has done a great deal of good in my school," our reward would have been complete.

The result of the contest is stated in an article on the first page of this issue. The prize books will be mailed to the winners in this contest as quickly as the books can be procured. The distribution comes a little late for some of the country schools, but the Earlington and some other schools have just closed and we desired to make the entire awards and distributions at once.

In some instances the prize winners have had to be determined by lot, since in some schools there has been more than one pupil holding the highest grade.

If this paper shall come to the hands of any one who can furnish the name and address of any prize winner not herein reported, and who worked for THE BEE prize during the school term we will gladly publish the name of such pupil and award the offered prize.

THERE has been considerable talk about building a railroad from Madisonville through Mulbenberg, McLean, Ohio and Breckinridge counties to Cloverport, but so far there seems to be no definite plans fixed at the Madisonville end. If Mr. H. H. Holeman, who is at the head of the enterprise, is really in earnest about building a railroad we invite him to Earlington. He can, we believe, secure the necessary rights of way into Earlington and terminal facilities here at very little cost to his people and can get action quickly. Earlington would be glad to have an outlet to Louisville by the short line proposed. Locate the terminal here, Mr. Holeman, and build the road now.

We have just found our copy of the Madisonville Hustler of last Friday's issue in which nearly two columns of space is devoted to "As to The Bee." If there is anything therein that requires or deserves answering we will take time and space another week when there is nothing of especial importance to demand our attention.

Consumption is being certainly cured in New York City by dispensary treatment of people who cannot quit work. There is a record of forty-five cures in the past seven years, and of many other cases whose condition has been greatly improved and their lives lengthened.

The whole matter turns upon proper diet and habits and right living. The human race is learning, slowly, that many an ill

can be prevented by or cured by right living. A man should know his physical self as well as his moral self and should control both.

English As Spoken in Kentucky.

(Henderson Gleaner.)

The alleged funny dialect yarns concerning Kentucky in Northern papers are absolutely disgusting. As a rule better English is spoken than elsewhere in the United States.

LOCOMOTIVE BLASTS

Summer Rates Are Now in Effect.

On June 1st, the regular summer rates to pleasure and health resorts of the Southeast went into effect over all railroads and a decided increase in passenger traffic is expected to result.

The rates this year include a number of places not included in the rate schedule last year and those wishing to visit any places recognized as resorts in the Southeastern States will be able to make the trip this year for one fare plus \$2. In cases of places within 200 miles of the starting point the rate will be one fare plus twenty-five cents. The amount in excess of one fare is regulated according to the distance from the starting point, which complicates the rate to some extent.

The summer travel to most of the Southeastern points is expected to be much greater this year than usual, as travel generally will be somewhat greater than it was last year. Passenger men think that this summer will be a banner period in the passenger business and that the resort travel will almost equal the movement to St. Louis last year.

Atlantic Coast Line Will Make an Aggressive Movement.

The management of the Atlantic Coast Line railroad, controlling directly and through joint ownership 11,700 miles of railroad in the South, has decided on an aggressive movement for increasing its gross business and building up its territory.

Jointly with the Louisville and Nashville, the Nashville, Chattanooga and St. Louis, and smaller subsidiary lines, it will establish bureaus of industry and immigration. It will through these systematically exploit the resources and possibilities of the Southern States which the lines of the system traverse. In taking up for the South the systematic compilation of statistics relating to its field the Coast Line is doing what has brought great results when tried by other systems in other sections. Probably the best organized existing systems are those of the Rock Island, the Hill roads, and the Southern Pacific.

New Equipment for the L. & N.

The Louisville and Nashville road received thirty new box cars for distribution through the Nashville yards Saturday. The cars were built at the company's Decatur shops and are thoroughly modern and have a capacity of 65,000 pounds.

The Decatur shops are now turning out about sixty cars a week, and they are being distributed over the system. The Nashville division will receive about ten cars per week through the summer. The company is building most of its freight equipment at the Decatur shops, but the passenger cars and engines are being built in Louisville. The Louisville shops are giving their full time to passenger equipment and engines now, and will continue to do so until the new shops in South Louisville are completed, which will be this fall. The new shops will be about the largest railroad shops in the South and will contain machinery sufficient to enable the company to make al-

most anything it uses in equipment and construction. The Decatur shops will continue to make most of the freight cars on account of the nearby market for lumber and wheels. The rolling mills at Birmingham furnish most of the structural iron and steel used by the Louisville & Nashville, and this gives the Decatur shops an advantage over the Louisville shops.

Conductor Dorris was in charge of the show train Sunday. Fireman Jno. Blakey visited his parents at Hopkinsville several days last week.

Conductor Joe Robertson of Nashville, Tenn., attended the funeral of his nephew, Florio Deberry, in this city last Saturday.

Mr. Will Ogden, who recently moved from this place to Howell, Ind., is dangerously ill of typhoid fever.

At a meeting of the officials of various railroads whose lines are members of the Southern Weighing and Industrial Bureau held at Hot Springs, Ark., last week Wm. J. Dickinson, Third Vice President of the L. & N. R. R., and J. T. Harahan, Second Vice President of the Illinois Central R. R., were elected members of the Executive Committee. Mr. Harahan was formerly Train master of the Henderson Division prior to entering the service of the Illinois Central Railway.

Switcheban Wm. Larmouth and wife and little son returned home Friday night from McMinnville, Tenn., where they had been visiting relatives. They were called home unexpectedly by the news of her brother's death.

J. A. Kirkham has been appointed car inspector at Henderson, Ky., in place of James B. Tombs.

H. A. Brooks, who has fired switch engine at Henderson for several years, has resigned. Fireman D. O. Durrett is his successor.

The name proposed for the Soo Railroad's new train is the "Pickrel Special."

Engineer J. W. Logan has fully recovered from the injuries he received at Equality, Ill., on the 10th of last month.

Sid Newton while working on a coal car at Howell Saturday made a mis-step and fell through a drop door, cutting his hand pretty severely.

According to the interstate commerce commission 1,220 railroads have 328,851 stockholders.

Conductor J. E. Marberry had his hand mashed while making a coupling between two cars at Bakers Hill on the 1st.

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." If you have any trouble with your stomach why not take these Tablets and get well.

For sale at 25 cents per box by St. Bernard Drug Store, Earlington; B. T. Robinson, Martins Gap; Jno. S. Taylor, Earlington.

The Hawaiian legislature has passed over the governor's veto a law allowing baseball and similar amusements on Sunday, and permitting, sugar and many other stores to remain open on that day.

MADISONVILLE, KY

Dellmead Stock Farm

Adjoining City of Madisonville.

J. F. GORDON, Propr.

B. F. TODD, Live Stock Agent

This farm is the home of the highly standard-bred young saddle and harness stallion "Kentucky Peacock." This is far and away the finest stallion ever brought to this county. He is now 4 years old, 16, hands high; weighs 1200 pounds; color light chestnut sorrel and a show horse in any company. As a 3-year-old he was entered in seven shows in and around Lexington, Ky., and received six blue ties and one red. He will make the 1905 season at his stable on this farm.

TERMS.—\$15 to insure a living colt, or \$12 payable when fact is ascertained or the mare transferred, or \$6 single service.

Mares kept on pasture at \$2 per week or grain fed at \$3 per week. All handling done by an expert and every care taken to avoid accident. It is a part of the business of this farm to buy and sell all kinds of good grade horses, mules and cattle. If you have good stock and desire to sell, we afford you a cash market at all times. We keep on hand for sale at all times first class horses, mules and cattle, and can furnish you at reasonable prices any character of animal your needs require.

CASH PAID FOR HAY AND GRAIN. Thoroughbred Cattle, Coal Bank Mules and Duro Jersey Hogs are specialties. Visitors always welcome.

No More Fishing.

On account of the bass and other fish getting there will be no more fishing in the Lake until July 1st, and notice is hereby given to the public to this effect. A violation of the above notice will be prosecuted.

"BREAKERS AHEAD!"—THE CREW IS GETTING WORRIED.

MAY ABANDON EXTRA SESSION

Pointed Out to the President That Little Would Be Accomplished.

WANT NO REPETITION OF THE MILEAGE GRAD.

President, It is Said, Realizes If He Brings Members to Washington When They Do Not Wish to Come, and Are in a Hostile Mood, He Can Hope to Accomplish But Little.

Washington, June 5.—It is highly probable that the president will abandon all thought of an extra session. He is not prepared to say at this time that such will be his final determination, but he has many reasons for so acting. In the last few weeks he has talked with the speaker of the house and with leading senators, and from him they secured a promise that he would not call the extra session until after the state elections in November. He has been all over that would put the extra session off until at least November 13. Not content with having secured this concession from the chief executive, they are now urging him to await the regular session, saying that but little, if anything, can be accomplished in the short time between November 13 and the first Monday in December when the regular session will begin.

It has been said that if the extra session is called the only business transacted in the two weeks it would last would be the passage of a \$195,000 mileage bill, and an adjournment would be taken until December. No one credits any such talk. It is fully realized that if congress should attempt anything of the sort the people of the country in resenting it, the mileage grab of the last session has caused some of the members no little trouble, and no one would come forward to seek a repetition of the trouble. The president is by no means influenced by such representations. The only reason why the reflection of such talk is told here is to show the humor which some of the members of congress are in toward the extra session. It is in the spirit indicated that the president is seriously considering at this time. He realized if he brings the members of the two houses to Washington in extra session when they do not wish to come and are in a hostile mood over the coming, that he can hope to accomplish but little.

MINE OFFICIALS INDICTED.

Five Bills Reported Returned by Grand Jury as Result of Recent Mine Explosion.

Springfield, Ill., June 2.—Four indictments have been returned against certain officials of the Ziegler coal mine, according to information received by state attorneys from the grand jury at Benton, where the Franklin county grand jury is in session.

The true bills are said to have been returned in connection with the recent explosion in the mine, in which about 50 men lost their lives. As the warrants have not yet been served, the authorities decline to make public the names of the individuals against whom they are directed.

Archbishop Destroyed by Fire.
Chicago, June 5.—The United church in Oak Park and Sacramento Avenue Methodist Episcopal church were struck by lightning and destroyed. The North Englewood Congregational church was struck, but the damage was slight. The loss totaled \$200,000.

Heavy Loss by Lightning.
Denver, Colo., June 3.—During an electrical storm, Friday afternoon, lightning struck the fermenting plant of the Tivoli-Union Brewing Co., practically destroying the building and contents, loss, \$100,000.

J. S. FOURTH IN SEA POWER

Russia Down to the Seventh Place in Navy List.

Japan Moved Up to Sixth in Line—Russia Has Practically Only Black Sea Fleet Left.

Washington, June 5.—The naval intelligence bureau of the navy department, under direction of Capt. Benton Schroeder, its chief, has prepared figures to show that as a result of the battle just fought, and its predecessors, Russia has dropped from third to seventh place in naval power and Japan has risen from seventh to sixth. The findings show that United States up from fifth to fourth place and Germany from fourth to third.

The naval powers now range in this order: Great Britain, France, Germany, United States, Italy, Japan, Russia and Austria.

Prior to the battle of the Sea of Japan they ranked as follows: Great Britain, France, Russia, Germany, United States, Italy, Japan and Austria. Austria is the only power whose rank is unaffected by the battle. Italy moves from sixth to fifth place. Great Britain's tonnage is 1,596,871; France, 902,721; Germany, 441,249; United States, 316,523; Italy, 254,510; Japan, 252,961; Russia (which formerly was 447,315) is now 273,343. Austria comes last with 112,205.

Practically all that Russia has left is the Black Sea fleet. Of her nineteen battleships only seven remain; of her eleven coast defense vessels including smaller battleships and monitors, only seven; of her seven armored cruisers, three; of her twenty other cruisers, five; of her forty-one torpedo boat destroyers, thirty-three; of her eighty-five torpedo boats eighty-two.

SHEA AND MGEE IN JAIL.

Two of the Prominent Strike Leaders in Chicago Are Arrested on Charges for Conspiracy.

Chicago, June 6.—Cornelius P. Shea, president of the International Brotherhood of Teamsters, and John J. McGee, who has been in jail in Chicago for the last two months, was arrested and taken to jail Monday night. With him on the journey from the hotel from which he was arrested, to the office of the sheriff and then to the jail, was Hugh McGee, president of the Truck Drivers' Union. Both men were taken into custody on charges issued on indictments charging them with conspiracy which were voted by the grand jury at the city hall Saturday night. Later they were admitted to jail.

RECEIVED BY KING EDWARD.

Whitehall, England, United States Ambassador, Presents His Credentials and Chose With King.

London, June 6.—Whitehall, England, June 6.—The United States ambassador, presented his credentials to King Edward. Mr. Reid was presented to the king by Lord Lansdowne, British foreign minister.

While the ambassador was engaged with the king, Reid and daughter were received by the queen, who chatted with them for some time at the points of interest about the castle.

Two Men Criminated in Oil.

Dayton, O., June 3.—Pennsylvania passenger train No. 28 struck an oil wagon at Stillwater Junction. The engine fire ignited the oil, and Engineer Gimby and Fireman Pryor were burned to death. The driver of the wagon escaped injury.

"Copper King" Kimberly Dead.
Chicago, June 5.—Prior L. Kimberly, the "copper king," is dead of apoplexy. He leaves a fortune estimated at \$100,000.

Oil Struck Near Iowa, Ill.
Louisville, Ill., June 3.—Oil has been struck on the farm of Frank Morgan, near Iowa. The flow is strong.

Alfonso Goes to England.
Cherbourg, France, June 6.—King Alfonso departed for England on English royal yacht Victoria and Albert.

The High Cost of Living

Summer Style and Comfort in Clothes.

Each season's productions emphasize more and more the HIGH ART ability to improve clothing (and we long ago passed the point of competition). The best of last season is only the second best of this. For instance, witness our Men's \$10.00, \$12.50 and \$15.00 Two and three-piece Suits. There has never yet been anything preferred to compare favorably with them in service, style and value at the price. Our Boys' and Children's lines are wonders of juvenile tailoring.

| | |
|------------------|--------------------|
| Men's Suits | \$10.00 to \$25.00 |
| Boys' Suits | \$7.50 to \$15.00 |
| Children's Suits | \$5.00 to \$10.00 |

How as for all accessories equally as necessary to man and boy's comfort in summer dress, it has long been an established fact that this store has been not only HEADQUARTERS, but likewise headquarters for all that is right, proper and best in Men and Boys' Suits, Shirts, Neckwear, Hosiery and Underwear. Service, style and economy go hand in hand here. It will pay you to join the procession that is always headed by our store. Expressage prepaid on all mail orders of \$5.00 or more.

STILL SHAKING THINGS UP HOCH SENTENCED TO HANG

Mayor Weaver of Philadelphia Still Making Official Changes.

They Are Among the Line of His Intention to Run the City On a Business Basis.

Philadelphia, June 7.—Arthur W. Morrow, assistant director of the department of supplies, who was suspended during the gas lease fight, has resigned at the request of Mayor Weaver. Andrew P. Chism, who was clerk in the office of the receiver of taxes, and who was removed at the instance of Morrow for political reasons some time ago, was given Morrow's place. Morrow's resignation was announced by that of Frank E. Smith, assistant chief of the bureau of highways, who was promoted to the position of chief, in place of William H. Brooks, removed.

The shake up in the departments has extended to the police force. Tuesday 25 policemen faced the police board of inquiry to answer various charges of delinquency to duty.

The mayor has sent to each of the banks and trust companies that are depositors of city funds a letter requesting statements relative to amounts and balance on June 1, 1906, but particularly inquiring whether a larger rate of interest is paid on deposits other than those of the city.

The rate of interest paid on city money on deposit was fixed by ordinance of council in 1892 at 2 percent, and that rate has been paid ever since. The city has been asked as to what other depositors might be getting.

THE PEACE PARTY GROWING.

Important Accusations to the Honors of the Advocates of Peace in Russia.

St. Petersburg, June 7, 3 a. m.—Beyond the statement that the advisability of confining the opening of peace negotiations to President Roosevelt, in the event that Emperor Nicholas shall have decided that the time has arrived to indicate to Japan Russia's desire to end the struggle, was received in a favorable light, no definite announcement can be made at this hour regarding the result of Foreign Minister Lansdowne's audience with the emperor.

The subject of Count Cassini's dispatch communicating the president's practical tender of good offices. It can, however, be stated in advance, that Grand Duke Alexander Michaelovich, the emperor's brother-in-law, who undoubtedly exercises a greater personal influence with his majesty than any other member of the imperial family, and who, until the disaster to the Russian fleet, was the most uncompromising advocate of war to the last ditch, has joined Grand Duke Vladimir, uncle of the emperor, and Admiral Alexiev, in connecting the conclusion of peace.

WITH FULL POWER TO SETTLE

Committee Appointed by Chicago Teamsters' Joint Council With Power to Settle Strike.

Chicago, June 7.—The teamsters' joint council, Tuesday night, appointed a committee with full powers to settle the strike, and to-day a conference will be arranged with the employers.

The appointment of the committee followed the announcement by Attorney Mayer, who, speaking for the Teamsters' association, said two days ago that no more conferences would be held with the men unless the committee came to the meeting with full power to act, and this power must be explicitly stated in writing.

ROCKY MOUNTAIN CURE FOR CONSUMPTION

ROCKY MOUNTAIN CURE FOR CONSUMPTION. This is the only cure for consumption. It is the only cure for consumption. It is the only cure for consumption.

The Noted Blamist Sentenced to Hang June 23 For Killing One of His Wives.

Chicago, June 4.—"Bluebeard" Johann Hoch is to be hanged June 23.

JOHANN HOCH.

Judge Kersten, who some time ago sentenced Hoch to be hanged, fixed the date of execution.

TWENTY-TWO LIVES LOST.

The Steamer H. M. Carter Wrecked by Collision With a Bridge at Alexandria, La.

New Orleans, June 3.—The steamer H. M. Carter struck the bridge of the Louisiana Hay-Road & Navigation Co. at Alexandria, La., about 11 o'clock Friday night and was wrecked. The boat, it is said, broke in two and is a complete loss. It is reported that 22 lives, mostly negroes, were lost.

Death of Congressman Marsh.

Washington, Ill., June 5.—Congressman Benjamin F. Marsh died of pneumonia after a short illness. Col. Marsh was the best-known member of the republican party in western Illinois, and was a representative of his district, which under different appointments has been known as the "Rock Island" and the "Quincy" districts.

Transferred to Indianapolis.

Washington, June 5.—The postmaster general has ordered the transfer of the headquarters of the first division of the rural free delivery service now known as the Cincinnati division comprising the states of Indiana, Ohio and Kentucky, now located at Cincinnati to Indianapolis, effective July 1.

Probably Fatally Injured.
St. Louis, June 6.—Eugene Sullivan, a Terminal engineer, received injuries which, it is feared, will cause his death, in a collision between his engine and a box car in the yards Monday.

Parker-Sisk.
Equire Jesse Phillips performed his initial marriage ceremony when he united in the bonds of wedlock Mr. L. D. Sisk, of Murfreesboro, and Miss Anna G. Parker, of near this place, Wednesday night at 8 o'clock. The couple sat in the buggy out in front of the Phillips residence and made responses to the ceremony. Miss Parker is an excellent young lady and has a number of friends. Mr. Sisk is a thrifty young farmer.

Henry Tandy, colored, engaged in an altercation with Johnny Wilson, also of color, yesterday evening and became so badly beaten and bruised before Judge Cowell, where he submitted his case and a fine of \$10 and costs was assessed against him. The way of the transgressor is hard.

You Are Eligible to Attend

The Annapolis of West Point. Military School

If you are an unmarried American boy between the ages of 17 and 23, of good habits and can pass the necessary physical examination, have a knowledge of reading, writing, arithmetic, English grammar, geography and history of the United States. Unlike most schools, the government allows you about \$600 a year to defray all expenses. You receive a thorough military and academic education, and upon graduation may resign or accept a commission as lieutenant with promotion in the regular service. Further particulars for four one cent stamps by addressing:

H. W. PHILLIPS, Louisville, Ky.

THE BEE,

EARLINGTON, KY.

HAPPENINGS IN KENTUCKY.

Much dissatisfaction is reported in the ranks of the First Kentucky regiment on account of the election of Col. Bessie Hindman to be Colonel of that body. They wanted Col. B. Casselman, charged with the election, and talk of asking for honorable discharge from the service.

Geo. B. Warner, who murdered Galski Leoda, was convicted, sentenced to be hanged, tried and convicted of lunacy, had sentence commuted to life imprisonment by Judge Beckham, is now in the Western Kentucky Asylum for the Insane at Hopkinsville.

A Frankfort dispatch says: "The last of the registered bonds of issue of 1880 with accrued interest of \$250, were paid by the Auditor today. There were ten bonds of \$1,000 each. This leaves the total State debt \$28,000 of coupon bonds. There is \$100,000 balance in the treasury."

Prof. Barksdale Hamlett, of Evansville, Ind., has been elected Superintendent of city schools for Hopkinsville, vice Prof. J. B. Taylor, resigned. Miss Lula Earle is given a place in the city schools.

Felix Felner, of Leelle county, the first of the men to be tried at Winchester, on the contempt charges, growing out of the alleged splitting of the witnesses in the Matruin-Harris damage suit last January, was sentenced to two years at hard labor in the county jail and assessed a fine of \$3,000 by the jury and unless Felner is pardoned by the Governor he will be compelled to pay the fine and serve sentence as a verdict in a contempt case is rarely ever reversed by the higher court.

The new Illinois Central bridge over the Tennessee river was ready for trains Sunday. The bridge has been under construction eighteen months and cost over \$1,000,000. The old bridge will be torn down.

Thrown From a Wagon.

Mr. George K. Babcock was thrown from his wagon and severely bruised. He applied Chamberlain's Pain Balm freely and says it is the best liniment he ever used.

Mr. Babcock is a well known citizen of North Plains, Conn. There is nothing equal to Pain Balm for sprains and bruises. It will effect a cure in one-third the time required by any other treatment.

GEN. LINEVITCH IS CONFIDENT

The Russian Commander in Manchuria is For War.

THINKS HE CAN DEFEAT JAPS

His Army, He Says, is Now in a Condition That Would Warrant Him to Attack on the Offensive.

General Passa, Manchuria, June 7.—The Japanese appear to be withdrawing to the southward along their whole front. It is thought that this is perhaps a maneuver to capture the town of Linkevitch from his prepared position.

Headquarters of the Russian Army, Gushu Pass, Manchuria, June 7.—Unflinching by the Russian army's defeat and full of confidence as to the outcome of the approaching battle, Lieut. Gen. Linevitch is for war to the bitter end, and he believes that the Manchurian army is now strong enough to assume the aggressive.

To a question put to him by a press correspondent, to whom he granted an interview, as to whether he was for war or peace, the commander-in-chief replied firmly and without the slightest hesitation:

"Most certainly I am for war. I am a soldier. The emperor's will is naturally my law, but my voice now, as before, is for the continuance of the fight."

"With the destruction of our first vanishes, of course, the hopes of those who at the beginning of the war wished to make peace at Tokyo, but our duty at sea has not been lessened, my plans—absolutely not one whit. I consider myself strong enough now not only to hold my ground, but even to advance."

"I am no prophet, and have no desire to be one, but I firmly believe that I can and will defeat the Japanese in Manchuria."

"I have asked the war office to send me the reserves of the yungent classes instead of older ones, not because the latter make poor soldiers, but because with plenty of young and vigorous recruits, it would be unjust as well as inadvisable to call the older men from their more settled life."

POSITIVE INSTRUCTIONS.

Gov. Wright, at Manila, Advised as to Course With Russian Ships.

Washington, June 7.—The following announcement was made at the war department late Tuesday afternoon:

The secretary of war is in receipt of a cablegram from Gov. Wright, at Manila, announcing that Secretary Taft's instructions had been formally transmitted to the Russian admiral, and at the same time inquiry was made whether he would be required to put to sea within 24 hours after taking on coal and provisions sufficient to take them to the nearest port. That up to this time only enough coal and sufficient food supplies for use in harbor to last from day to day had been given, as they arrived with practically no coal or provisions. Gov. Wright submitted the question as to whether they were entitled to take on coal and provisions to carry them to the nearest port. Gov. Wright was advised that the president directed that the 24-hours limit must be strictly enforced, that necessary supplies and coal must be taken on within that time, these instructions being consistent with those of June 6, stating that as the Russian admiral's ships were suffering from damages due to battle that the American policy was to restrict all operations of belligerents at neutral ports. In other words, that time should not be given for repair of damages suffered in battle.

ST. LOUISANS HIT NEW YORK.

A Syndicate Purchases the Most Valuable Corner in the City At a Record Price.

New York, June 7.—Establishing a new high record per square foot for New York city real estate—more than \$38—the property at the southeast corner of Wall street and Broadway, opposite Trinity church, an old four-story brick building, on a lot 30 feet in Broadway by 33 feet in Wall street, was sold Tuesday for \$700,000. The purchase of this property marks the entrance into the New York realty market of a St. Louis syndicate, the representative of which Lorenzo E. Anderson, negotiated the purchase.

FULL JURY PANEL SECURED.

Try of Mrs. Annie Myers, at Liberty, Mo., for killing Her Husband, Will Proceed.

Kansas City, Mo., June 7.—The selection of jurors to try Mrs. Annie Myers, charged with the murder of her husband, Clarence Myers, occupied the entire time of the court at Liberty, Mo., Tuesday. When the court adjourned the panel of 40 jurors was complete. Many men summoned for jury service were excused upon the ground that they would not vote to inflict capital punishment on a woman, although she has proven guilty of murder in the first degree.

Three Men Prostrated.

St. Louis, June 7.—There were three prostrations from heat in St. Louis, Tuesday afternoon, one of whom, Sidney Brown, is at the city hospital in a critical condition.

COLORED COLUMN

EDITED BY J. H. GOUGH.

The receipts of the public school closing, which was held at Temple Theatre May 22 and 23, amounted to \$118.50, which enabled the trustees to pay off all debts and start a very nice bank account, which speaks well of the stirring ability of Prof. J. T. Moore.

The daughters of conference and church extension committee June 15. Mrs. Mary Prentice and Miss Lizzie Aushorn are chairmen of the committee. The entertainment will be in the basement of the church. The public is asked to come out and enjoy themselves.

Nedames, Warfield and Howard, of Princeton, Ky., were the guests of Mrs. Saura Duncan this week.

Dr. A. J. Warner preached the opening sermon Sunday for Atkinson college to a packed house. Several preachers are attending the closing exercises. Among them are: Dr. Rev. J. B. Irvin, of Henderson; M. Smith, of Sebree; W. T. Hays, of Cincinnati; — Rives, of Louisville; W. W. Dorsey, P. E. I. W. Sealeman. Several persons from all over the state are visitors.

Mrs. B. E. Childers has opened a summer school and all who desire to make their grade at the beginning of the term or who desire to take special or all the studies prescribed may do so. For further information call to her. Any studies from primary to 6th and 7th grade. Don't delay but start at once.

The opening to the auditorium of New A. M. E. Zion church will take place Sunday, June 10th. The order of service will be as follows: 9 a. m. Sunday School Lecture, by Sister Louisa Johnson, one of the oldest members of the church class roll, a contest between teachers. 11 a. m. opening of the church. The church officers will leave the basement headed by 12 little flower girls to head the opening service. This service will be in the hands of the ladies of the church. Sister Paralee Prentice will be mistress of ceremonies. The order of service will be as follows: First, the flower-girls will enter auditorium first, followed by the No. 1 and No. 2 stewardesses board in uniform and visiting stewards of the C. M. E. Church; then the trustees and visiting trustees and the Deacons of Mt. Zion Baptist church. Then the preachers of the city and visiting preachers, lastly the oldest and only surviving members that were in the organization of the Baptist and Methodist churches in Earlington, after arriving they will engage in five minutes' secret prayer. The pastor will then turn the meeting over to the sisters of the church. Sister Gertrude Porter will line the opening hymn. Sister Amanda Hawkins, opening prayer; Sister Louisa Johnson, the first scripture lesson; Sister Cella, Welcome, the second lesson. Welcome address by Sister Lucy Phelps. Response by Sister Mary Johnson. Paper by Brother W. M. Johnson, on the organization of the Zion church in Earlington; paper by Sister Louis Garrett, on the building of the present church. Sermon by Rev. Keeton, pastor of Mt. Zion Baptist church, Sisters Sarah Aushorn, Rosie Bogges, Nettie Earle, and Eliza Faulkner will lift the collection. At 7:30 the Junior and Senior choir will render a sacred concert, at which service a paper will be read by Sister Mary Moore, E. M. Gough and others. Sister Perle Childers, mistress of ceremonies. Opening prayer by Sister H. Collins. First scripture by Sister B. E. Childers. Second lesson by Sister Laura Handcock. Opening prayer by Sister Minnie Couch. Collection taken by Sister Louisa Earle, Leola Sandage, Polly Slaughter and Katie Couch. We earnestly ask every person to give as much as one dollar in the collection. During the day the program for night service will be published in next week's paper.

HECLA NEWS—COLORED.

Mrs. Cynthia Gladhill is somewhat improving.

Mr. and Mrs. Joe Rash was in Hecla Sunday visiting friends.

Mr. and Mrs. Ed Isiah was in Madisonville Saturday shopping.

Mr. Oather Goston is living in

our midst again.

Mrs. Annie Fletcher was the guest of Mrs. Georgia Eaves Sunday evening.

Mr. Major Gaither called on Miss Sallie Isabel Sunday.

Mr. Richard Blaine and family, who moved from here to Clarksville several months ago, is living here again.

Rev. J. Douglas preached an excellent sermon Sunday night to a crowded house.

Mrs. Carrie Suggs was in Madisonville Monday.

Sued by His Doctor.

"A doctor here has sued me for \$12.50, which I claimed was excessive for a case of cholera morbus," says H. White, of Coachesville, Cal. "At the trial he praised his medicine, skill and medicine. I asked him if it was not Chamberlain's Colic Cholera and Diarrhoea Remedy he used and he would not say under oath that it was not." So doctor could sue a better remedy than this in a case of cholera morbus, it never fails.

Feed Warm Mash.

A warm mash once a day for the fiddies is profitable and economical. They digest it quicker than whole grain and it saves them the work of grinding it. This saving can be turned to account in filling the egg basket.

Cracked wheat and corn make excellent feed for young chicks and turkeys. It can be fed mixed or separately.

Plenty of exercise for the young poultry is necessary for vigorous growth.

Wet grass, in the morning, even in hot weather, is injurious to the chicks, so it is very important that we close the coops every night and thus they may be kept in until given their freedom.

If an abundance of eggs is desired in summer, oats should be the principal feed of the hens.

Whitewash is cheap and where used in the poultry house gives it a clean and cheerful look. Try it.

The farmer who sticks to his farm and pushes his crops, working through all kinds of weather is the man whom we need to help build up this country. We depend more upon the farmers than they depend upon us, but the farmers without the live, progressive town and nearly as prosperous as with it. Our prosperity is the property of the farmer and the abundance of his crops make the wealth and prosperity of our city.

Helpful Hints.

Work lime into the ground. Corn in the ear is the safest form in which the farmer can buy his seed.

Shelter belts in protecting the land from winds, influence a large crop yield.

In buying seed corn, make sure that it comes from a latitude not far from that in which it is to be planted.

If corn is placed in a warm room while it still contains a large amount of moisture it will either mold or grow.

Plant several rows of sweet corn, and plant at different times, so as to have a rotation. A good supply of sweet corn comes early and handy.

The work of drainage is closely connected with the producing capacity of the farm. There are numerous farms that only need to be drained to make them very productive.

Ed Hulet, of Jessamine county, in speaking of the value of the milk cows and the income to be derived from them when they are good stock, told of two cows he has on his farm that are probably the best in the State, says the Harrodsburg Herald. From the milk of two cows, he says, his wife churns sixty pounds of butter each month, one cow producing forty and the other twenty pounds. This butter, if all sold, would bring \$15 each month on the open market, or a yearly income of \$180. Besides this income from these two cows they have the skimmed and buttermilk to feed the chickens and hogs, a fattening material that is useful.

The State papers report a heavy demand for cattle, sheep and hogs. The farmers are getting good prices.

To Kill Cut-Worms.

"Last week the ground in my tobacco fields was covered with cut-worms," said John L. Hopkins Monday. "My men read in a bulletin from the State Experiment Station that 25 lbs. of water and 25 lbs. of shipstiff made into a dough and sweetened with molasses, and 1½ lbs. of Paris green, thoroughly dissolved, mixed into it, would exterminate the worms. They tried it dropping pieces of the dough the size of guinea eggs about four feet apart in the field, and it worked like magic. All the cut-worms were cleaned up almost in a single night and we haven't lost a single plant since."

Mr. Hopkins has forty acres of tobacco out and growing nicely at the Nelson farm. It is being given its first working this week.—Woodford Sun.

All Around the Farm.

Drive slowly the first hour after a meal.

Light and dryness destroy fungus growths. Thorough grooming cleanses the hide as well as the hair.

Dropping deprived of the urine lose the larger share of the potash they contain.

It is always ruinous to dispose of any branch farming when prices are unsatisfactory.

Generally the smaller the farm the better the cultivation and the greater the profit for the expenditure.

The dirt and sweat which accumulate on the horses during the day should never be allowed to remain on over night.

There are two things a farmer can never have enough of—one is feed, the other is manure. Feed makes manure if fed to stock on the farm.

If the cow has to travel over a large surface and takes a good deal of time to fill her stomach, the time and energy expended will cause a reduction in the flow of milk.—American Tribune.

Time to Select Corn.

The fall of the year is the time to select the seed corn, and this should be stored in a place that will keep dry, and yet not evaporate its moisture too much.

Some old hens are worthless for laying purposes and some are of value for many years. This is a thing the poultry raiser needs to look up and become expert in. Some men keep good layers until they are ten years of age, but it does not pay to keep old hens on the general presumption that they are good layers.

Household Hints.

Tea leaves moistened with vinegar will remove the discoloration in glass caused by flowers.

Pieces of sponge packed into a mouse hole will induce the rodents to permanently vacate a house.

Once a week every pipe and drain in the house should be flushed with copperas solution to remove all odors and sediment.

Until the lumber can come, a leak can be temporarily stopped with a mixture of yellow soap, whiting and a very little water.

An old tin teakettle with the bottom cut out makes an excellent cover to place over irons heating on gas or gasoline stoves.

Soap bark jelly is the best all round cleansing agent that a woman can keep on hand. It may be prepared by putting a handful of soap bark in a quart of boiling water and letting it cool.

To clean light wall paper try rubbing the soiled spots with dry paper or of Paris. When all traces of dirt are removed, dust the powder off with a soft brush. Another way to clean soiled wall paper is to take half a loaf of bread and gently rub the soiled portions, working always in a downward direction. As soon as the bread is dirty cut off a slice and use again.

To clean painted walls use ammonia water, using six teaspoonfuls of ammonia to every eight quarts of clean water. Then rinse with plenty of clean water and rub as nearly dry as possible.

To clean gilt picture, frames take about a quart of water; add sufficient flowers of sulphur to give a yellow tinge. In this boil four bruised onions. Strain off the liquid and use it to wash out gilded frames. When dry these frames will have as bright an appearance as when new.

JUST OUT

"Every Man is Entitled to a Square Deal."—PRESIDENT ROOSEVELT.

My Own Story BY Caleb Powers

This book is a calm, dispassionate account, from the standpoint of the man most interested, of the conditions in Kentucky leading to the assassination of William Goebel, and of Powers' indignant and conviction on the charge of complicity in his murder. It covers his youth in the mountains of Kentucky, the conventions of 1890, the election, the shooting of Goebel, the arrest, the three trials and the prison life. For dramatic situations, human interest and political importance, the case of Caleb Powers is unequalled.

Many Illustrations from Photographs of Actual Scenes Connected with the Tragedy.

MINING NOTES.

Messrs. Robert Longstaff and Jno. Wilson, of Nortonville, attended the funeral of Mr. Floyd Deberry in this city Saturday.

Mr. Elvie Hankins, of Nortonville, was here Saturday on business.

The Thomas Blackwell Coal & Mining Company operating at Clay, Webster county, Ky., who have boring for the No. 9 vein for sometime struck a vein of 44 feet thickness at a depth of 252 feet last week. The company has been working No. 11 coal at a depth of over a hundred feet, but will sink a shaft to the No. 9 vein just struck and work that.

Mayking, Ky., June 2.—A contract has just been let for the building of a ten mile extension of the Chesapeake & Ohio railroad up Marrowbone creek into the great Elkhorn coal field in Letcher county, and work will be begun at once. It is now stated by Chesapeake & Ohio officials that the line to Elkhorn City, thirty miles from Pikeville, the present terminus, will be completed by June 25, and that another branch will be started up the main fork of Elkhorn within the next two months. Greater activity exists throughout the Big Sandy and Elkhorn coal fields than ever before.

Mr. Robert Gordon has been transferred from the No. 11 tipple force to inside work at the same mine.

Mr. Dan Connors of Barnsley, was in the city Thursday evening on business.

Amended incorporation articles have been filed in the county court pertaining to the Owensboro Coal and Mineral company at Owensboro, Ky. In the original articles the incidence of indebtedness was not to exceed \$5,000, but this has been amended to read that the company shall not incur indebtedness exceeding \$100,000. The original articles were filed several years ago.

Mr. Henry Magenheimer, of Graham, Ky., is visiting his parents, Mr. and Mrs. Jacob Magenheimer, here this week.

A meeting of the stockholders of the Gracey Mining Company at Gracey, Christian county, Ky., was held last week and a board of directors was elected. It was decided to sell 200,000 shares of stock to purchase machinery and develop the company's property.

Foreman Thos. Longstaff, of Providence, spent Saturday and Sunday with his family in this city.

As a result of a collision between two drivers in No. 9 mine Saturday a mule belonging to the St. Bernard Mining Company was injured so badly that it was killed. Both drivers escaped injury.

Mr. Wm. Deberry, of Linton, Ind., was in the city Saturday attending the funeral of his brother, Floyd.

Leo Herb of Nortonville, was here Saturday on business.

Barnsley mine, of the St. Bernard group, made another record run for itself on Friday, when 1142 pit cars were put out, aggregating over 1,000 tons loaded and shipped on that day. This surpasses the day's run reported for Barnsley mine in last week's Bee. This new Barnsley opening has only been in operation a few months. The equipment is good and this mine is lining up with the best of the St. Bernard group. The average per day for the six runs including Friday's was 812 tons. This was accomplished with 14 collecting mules and one 3 mule team.

Messrs. Jno. Harland, of Hiley, and Hubert Smothers of Mortons Gap, were here Monday evening on business.

Lawson Miles was in Madisonville Monday.

Locust Year.

It is said by those who have kept tabs on the matter that this is locust year and that in a very short time there will be lots of these insects. There are others however, who say they are not due to arrive until next year.

Seebie Canning Factory.

The factory of the Seebie Canning Company is nearing completion. Tomatoes, sweet potatoes, beans, blackberries, and probably peaches and apples will be canned. The plant will be ready for business within the next 10 days.

Lyman Williams' Death Follows Operation.

Hartford, Ky., June 3.—Lyman Williams died today at his residence after an operation for appendicitis. He was working in a bank in Louisville and had just come home on a visit. He was sick only four days. He was a son of Mr. G. B. Williams.

JNO. W. YERKES

Returns From Important Business Trip to the West.

IS MUCH BENEFITED BY THE JOURNEY.

(Louisville Evening Post.)

John W. Yerkes looks like a new man. He always was a fine specimen of physical and mental humanity, but before he left on his Western trip he was considerably run down by close and constant application to deskwork. For nearly two months he has been touring the West on business connected with the Internal Revenue bureau. He visited among other places, Kansas City, Denver, San Francisco, Seattle, Portland, Yellowstone Park, Salt Lake City and Tacoma. He spent a good deal of time in the wine producing section of California, and was amazed by the magnitude of that industry, which promises to develop into a great revenue-producing business.

Mr. Yerkes was surprised by the number of Kentuckians whom he met on his trip. He found some of the Bluegrass scattered all over the Western country, and was gratified to learn that in a great majority of instances they are doing well.

The Commissioner of Internal Revenue did not go on a junket. It was a business trip from start to finish. It was his first tour to the Pacific, and the information which he gained will enable him to discharge with more facility the vast and growing revenue business pertaining to that section of the United States. Incidentally, he took in large lots of fresh ozone and came back in the pink of condition.

AN AWFUL SKIN DISEASE

Sores Covered Neck and Cheeks—Itched Day and Night—Nothing Did Me Any Good—Was Growing Worse.

CURED BY CUTICURA AT COST OF \$4.50

Miss Nellie Vander Wiele, of Lakeland, N. Y., writing under date of April 18, 1904, says: "I do wish you would publish this letter in the newspapers, so that others suffering as I have may see it and be helped. I suffered for many months with an awful skin disease, sores covering my ears, neck, and cheeks. Sores would form and they would swell, and itch day and night. Then they would break open and blood and matter run out. I had tried many different remedies, but none of them did me any good. I was growing worse when I tried the Cuticura Remedies. The first application helped. I used it all. I had used two cakes of Cuticura Soap, three boxes of Cuticura Ointment, and three cakes of Cuticura Resolvent, I was completely cured."

TORTURING, DISFIGURING

Humours, Eczemas, Itchings, and Chaffings Cured by Cuticura

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalded head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in milk crust, tetter, and salt rheum, all demand a remedy of almost supernatural virtues. Only Cuticura Soap, Ointment, and Pills are such stand-powers beyond de doubt by the testimony of the civilized world.

Cuticura Soap, Ointment, and Pills are sold everywhere. Beware of cheap imitations. Send for "How to Cure Your Skin Diseases."
